

GHD:

BUILD OUR FUTURE, NOT ADANI'S MINE

Queensland is on the **frontline of climate impacts** with more extreme heatwaves, bushfires, droughts, cyclones and floods **than ever before** [1]. People in Queensland want a **safe and sustainable future**, with jobs they can rely on.

**GHD COULD BE A LEADER IN BUILDING THE
FUTURE WE NEED AND CREATE LASTING
COMMUNITY BENEFIT.**

WE DON'T TRUST ADANI WITH OUR FUTURE, AND YOU SHOULDN'T TRUST THEM WITH YOUR BUSINESS.

Adani is a dodgy company. Here's why:

Adani's Carmichael coal mine will wreck our climate and our future

Adani is refusing to pay Aecom the \$12 million they're owed for working on the Carmichael mine [2]

Adani has broken the law multiple times, both in Australia and overseas [3]

Adani has a track record of workers' rights abuses, tax evasion and scandal after scandal [4]

Adani's Carmichael mine will make electricity more expensive in Bangladesh and India [5,6]

Is this the kind of company you want to do business with?

We're very concerned that working with Adani goes against GHD's strong values of sustainable and socially responsible business.

AS GHD STAFF, WHAT CAN YOU DO?

1. Share your concerns with your manager and key decision-makers.
